VIETNAM NATIONAL UNIVERSITY OF FORESTRY  
INSTITUTE FOR FOREST ECOLOGY AND ENVIRONMENT

# SERVICE PROVIDER PROFILE

## OUTLINE

A. GENERAL INFORMATION OF SERVICE CONTRACTOR .....	3
1. Name of consulting contractor: .....	3
2. Address: .....	3
3. Established year, legal capacity.....	3
4. Functions, missions of service provider.....	3
5. Human resources .....	3
6. Facilities for doing researches .....	8
7. Financial Capacity .....	11
8. Capacity of geography.....	11
1. Ongoing activities.....	12
B.EXPERIENCE OF CONSULTANT CONTRACTOR CONTRACTOR CONTRACTORS .....	12
1. Ongoing activities.....	14
2. Projects related to package .....	21

## A. GENERAL INFORMATION OF SERVICE

### 1. Name of consulting contractor:

Institute for Forest ecology and Environment (IFEE).

### 2. Address:

- Xuan Mai Town, Chuong My District, Hanoi City.

- Telephone: (024) 66830212;

-Email: [info@ifee.edu.vn](mailto:info@ifee.edu.vn); Web:

<http://ifee.edu.vn>

- Account number: 113000037664 At Vietnam JointStock Commercial Bank for Industry and Trade, Tay Thang Long branch.

- Tax code: 0500515984.

### 3. Established year, legal capacity

The Institute for Forest Ecology and Environment was established under Decision No. 1583/QD/BNN-TCCB dated 01/06/2006 of the Ministry of Agriculture and Rural Development.

### 4. Functions, missions of service provider

Under the provisions of the governing body and the operating license of Science and Technology (Registration No. A-02/ĐK-KHCN), functions and duties of IFEE as follow:

To formulate long-term period, 5 years and annual plans strategies, master plans for programs, projects on training, scientific research in the forest ecology and environmental field under missions of VNUF and implementation after being approved by competent authorities;

Scientific research and technology transfer in the fields of forest ecology and environment; biodiversity; sustainable management and use of forest resources; GIS application, remote sensing;

To perform the tasks of training, fostering and developing human resources in the field of ecology and environment in accordance with the provisions of law;

Consult, provide service in the fields of forest ecology and environment, forestry seed; biodiversity; sustainable management and use of forest resources; forest and forest land planning; forestry inventory; social forestry; climate change; forestry policy in accordance with the capacity of IFEE and in accordance with the law;

International cooperation, joint venture with organizations and individuals in the assigned fields in accordance with the law. Provide service on production, business, import and export activities for scientific research and training in accordance with the provisions of law;;

Participate in the development of national standards, national technical regulations, economic and technical norms on forest ecology and environment;

Manage the human resources, finance, assets, facilities and other resources of the Institute in accordance with the law;

Perform other assigned missions by the President of VNUF .

ỦY BAN NHÂN DÂN THÀNH PHỐ HÀ NỘI  
SỞ KHOA HỌC VÀ CÔNG NGHỆ

**CHỨNG NHẬN**

**ĐĂNG KÝ HOẠT ĐỘNG KHOA HỌC VÀ CÔNG NGHỆ**

*Đăng ký lần đầu, ngày 30/6/ 2006*  
*(Giấy chứng nhận số A-02 do Sở Khoa học và Công nghệ Hà Tây cấp)*  
*Đăng ký lần thứ 3, ngày 04/7/2012*

**Tên tổ chức khoa học và công nghệ:**

**VIỆN SINH THÁI RỪNG VÀ MÔI TRƯỜNG**

**Tên viết bằng tiếng nước ngoài:**

INSTITUTE FOR FOREST ECOLOGY AND ENVIRONMENT

**Tên viết tắt bằng tiếng nước ngoài: IFEE**

**Trụ sở chính:**

Trường Đại học Lâm Nghiệp - Xuân Mai - Chương Mỹ - Hà Nội

**Tổng số vốn: 1 811 960 779 (VND)**

**Cơ quan quyết định thành lập:**

Bộ Nông nghiệp và Phát triển Nông thôn  
Quyết định thành lập số 1583/QĐ/BNN-TCCB ngày 01/6/2006

**Cơ quan quản lý trực tiếp:**

Trường Đại học Lâm nghiệp

**Người đứng đầu tổ chức:**

Họ và tên: Lê Sỹ Doanh

CMND: số 030084000213 do Cục Cảnh sát ĐKQL cư trú  
và DLQG về dân cư cấp ngày 19/01/2015

SỐ ĐĂNG KÝ: A - 02/ĐK-KH&CN

**Hoạt động trong lĩnh vực khoa học và công nghệ sau:**

- *Nghiên cứu khoa học và phát triển công nghệ trong lĩnh vực: sinh thái rừng và môi trường, đa dạng sinh học, quản lý và sử dụng bền vững tài nguyên rừng, ứng dụng GIS, viễn thám và công nghệ thông tin trong lâm nghiệp, thu thập và lưu giữ các mẫu vật phục vụ nghiên cứu và đào tạo của ngành;*
- *Dịch vụ KHCN: Tư vấn, chuyển giao công nghệ, tham gia đào tạo, thông tin khoa học công nghệ, hợp tác trong nước và quốc tế trong lĩnh vực: sinh thái rừng và môi trường, giống cây lâm nghiệp, đa dạng sinh học, quản lý và sử dụng bền vững tài nguyên rừng, điều tra quy hoạch rừng và đất lâm nghiệp, thống kê kiểm kê tài nguyên rừng, lâm nghiệp xã hội, biến đổi khí hậu, chính sách lâm nghiệp./.*

(Đối với những lĩnh vực hoạt động có điều kiện theo quy định của pháp luật, trước khi thực hiện phải được phép của cơ quan Nhà nước có thẩm quyền).

Hà Nội, ngày 22 tháng 6 năm 2017

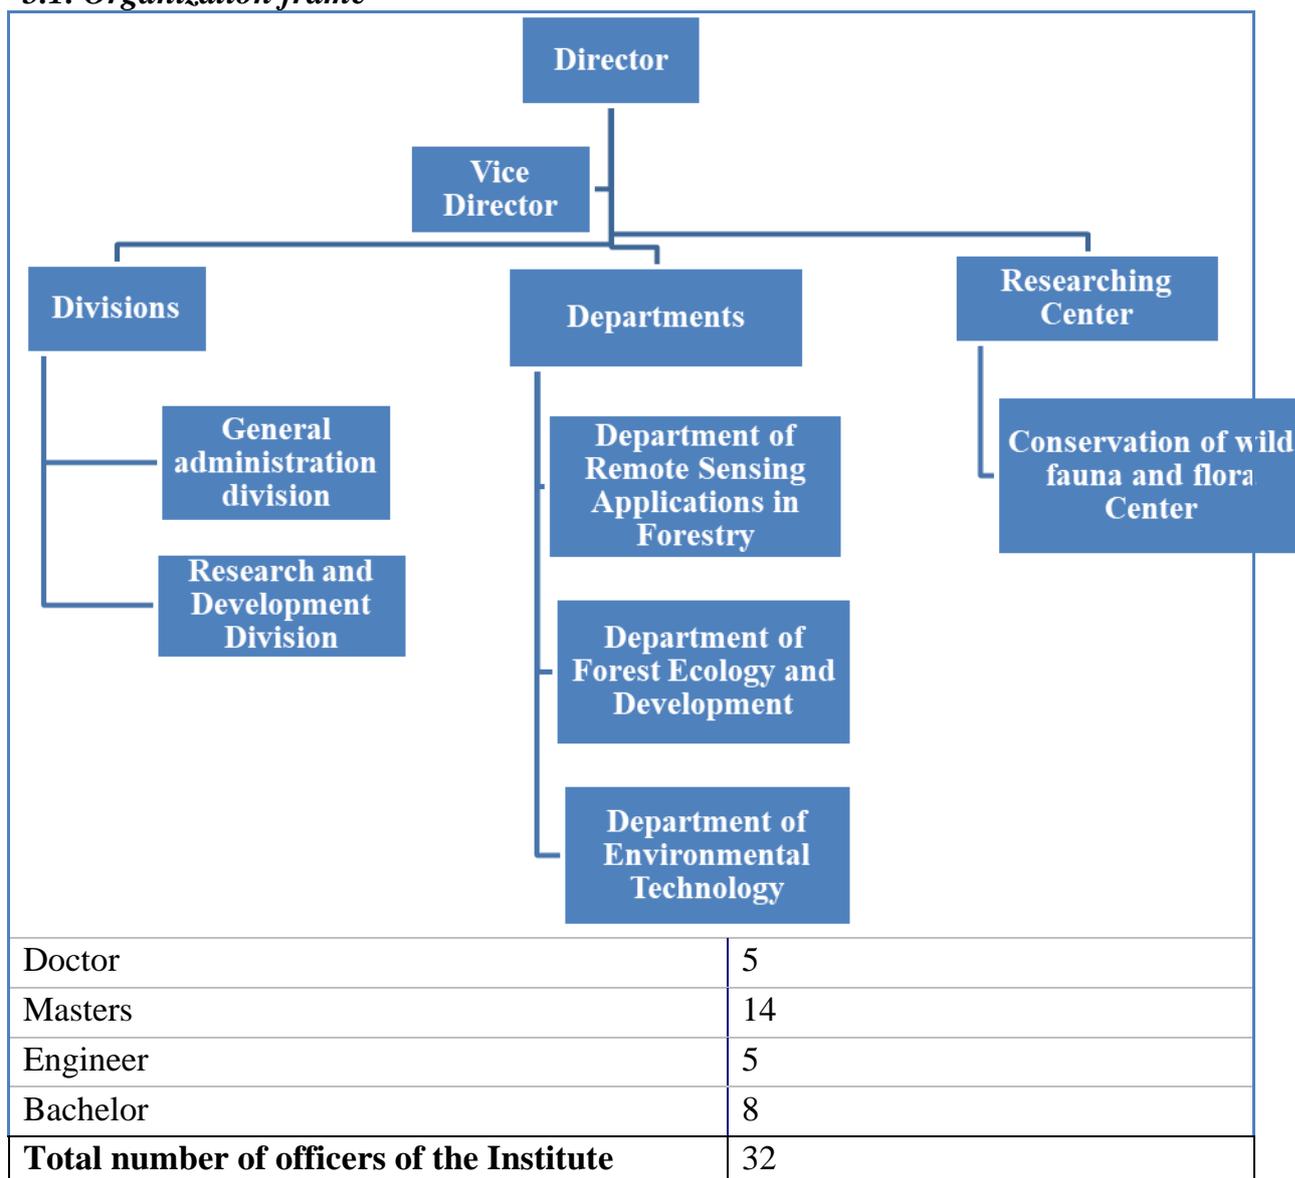

**GIÁM ĐỐC**

**Lê Ngọc Anh**

## 5. Human resources

### 5.1. Organization frame

#### 5.1.1. Board of Directors

No.	Full name	Specialized	Position
1	Dr. Le Sy Doanh	Forest fire management; Watershed management; GIS, remote sensing, forest inventory; Software development; Hydrometeorology forest.	Director
2	Dr. Pham Van Duan	Forest inventory and planning; forest plantation techniques; GIS, Remote sensing, Software development.	Deputy Director

### 5.1.2. Staff of the Institute

No.	Full name	Specialized	Position
<b>A. Department of Remote Sensing Applications in Forestry</b>			
1	MSc. Nguyen Van Thi	Payment for environmental services; Management of forest resources; forest environment; GIS, Remote Sensing; Watershed management.	Head of the Department
2	MSc. Nguyen Thi Mai Duong	Forest Plantation techniques; Forest inventory and planning; Forest ecology; Biology techniques.	Deputy Head of Department
3	MSc. Le Sy Hoa	Forest protection management; Forest inventory.; Forest environment; GIS.	Researcher
4	BA. Nguyen Thi Anh Van	Forest planning investigation; Reforestation;	Researcher
5	BSc. Tran Dang Ninh	Forest protection management; Forest inventory Forest environment; GIS.	Researcher
<b>B. Department of Forest Ecology and Development</b>			
6	MSc. Hoang Van Kien	Forest inventory and planning; forest plantation techniques; GIS	Head of Department
7	MSc. Lai Huu Binh	Forest planning investigation; Reforestation; Forest ecology.	Deputy Head of Department
8	MSc. Nguyen Van Tung	Forest planning investigation; Reforestation; Forest ecology.	Deputy Head of Department
9	Dr. Nguyen Van Tuyen	Forest protection management; Forest inventory; Forest Environment; GIS	Researcher

No.	Full name	Specialized	Position
10	BSc. Nguyen Van Bao	Forest protection management; Forest inventory; Forest Environment; GIS	Researcher
<b>C. Department of Environmental Technology</b>			
11	Dr. La Nguyen Khang	Forest ecology; Forest Plantation techniques; Forest inventory and planning. Forest resources Management.	Head of Department
12	BSc. Vu Thi Thin	Forest inventory and planning forest plantation techniques; Forest ecology; GIS.	Deputy Head of Department
13	MSc. Nguyen Van Hieu	Forest inventory and planning; forest plantation techniques; Forest management and protection.	Deputy Head of Department
14	MSc. Le Thanh Son	Forest Plantation techniques; Reforestation; Forest inventory;	Researcher
15	BA. Hoang Thi Ngoc	Forest Protection Management, PFES, Ecology Tourism	Researcher
16	BA. Bui Duy Nam	Environment, Forest Protection Management	Researcher
17	BA. Vu Tran Thuy Nhi	Environment, Forest Protection Management	Researcher
<b>D. Conservation of wild fauna and flora Center</b>			
18	MSc. Nguyen Huu Van	Conservation of biodiversity and natural resources; Forest resources management; Biology diversity; GIS, Remote sensing	Head of Center
19	MSc. Nguyen Song Anh	Finance and accounting	Deputy Head of Center
<b>E. General administration division</b>			
20	MSc. Vu Thi Kim Oanh	Environmental Science, GIS, REDD+	Head of Department

No.	Full name	Specialized	Position
21	MSc. Kieu Dang Anh	Forest planning investigation; Reforestation; Watershed management; GIS.	Deputy Head of Department
22	MA. Pham Van Huan	Finance and accounting	Deputy Head of Department
23	BA. Le Thi Anh	Finance and accounting	In charge of accounting
24	BSc. Dao Thi Duong	Forest planning investigation; Reforestation;	Researcher
25	BSc. Ho Thu Phuong Lake	Forest planning investigation; Reforestation; GIS.	Researcher
26	BSc. Tran Thi Minh	Forest protection management; Forest inventory; Forest environment; GIS.	Researcher
27	BSc. Tran Thi Bich Ngoc	Agricultural economics	Researcher
<b>F. Research and Development Division</b>			
28	MSc. Pham Quang Duong	Forest protection management; Forest survey; Forest environment; GIS	Head of Department
29	BA. Tran Van Hai	Information Systems in Forestry	Deputy Head of Department
30	MSc. Bui Trung Hieu	Forest protection management; Forest inventory; Forest environment; GIS.	Researcher

### 5.1.3. Professional collaborators

In addition, the Institute also has a large team of collaborators in different majors, they are Professors, Associate Professors, Doctors in the Faculties of Forestry, Forest Resources and Environment Management, Economics and Business

## Administration of VNUF.

IFEE has a large team of scientists, researchers and technicians, with close links with other professional faculties and research institutes in VNUF, the Institute can carry out scientific research activities well, technology development, implementation of project programs in various fields such as: forest planning investigation, forest management documentation, environmental impact assessment, PFES forest environmental payment services, catchment management, biodiversity conservation, development of provincial REDD+ action programs, etc application of information technology, GIS and remote sensing in forestry, building forest resources database, IT application in monitoring forest developments and resources, fire protection and deforestation... Many staff of the Institute and collaborators have successfully implemented scientific research activities at ministerial and State levels and projects and programs of domestic and foreign non-governmental support funds in the fields of forest development planning; surveying and mapping the current state of forests in areas proposed for other purposes; evaluate and develop plans for management, use and sustainable development of allocated areas, develop software to warn of forest fires, pests and diseases of forest trees, conserve biodiversity, select breeding, forestry, survey forestry, investigate national forest inventory, make sustainable forest management records, building forest biological resources database, digitizing maps, digitizing forest plant databases, forest environment payment services, REDD+....

## 6. Facilities for doing researches

Headquarters of the Institute for Forest Ecology and Environment

- Head office: 1 working building (20 rooms) with a total usable area of 2,000m<sup>2</sup>
- Conservation of wild fauna and flora Center: total area of 20.000 m<sup>2</sup>
- Factory and laboratories

The Institute is allowed to mobilize and use 29 laboratories, practices and internships with modern equipment for research and training: Remote sensing and GIS technology, environmental quality analysis, forest ecology, disaster and environmental risk management, conservation management, etc soil analysis by VNUF. With the current material and technical facilities, and the facilitation of VNUF, the Institute for Forest Ecology and Environment is capable of implementing research and development projects, of different fields and scales, especially programs on Investigation, forest inventory, forest management documentation, basin area determination, application of information technology, GIS and remote sensing in forestry; forestry breed development program...

### LIST OF EQUIPMENTS OF IFEE

No.	Equipment	Unit	Quantity	Usage status
<b>Field equipment</b>				
1	Laptop	Piece	50	Good
2	Compass	Piece	18	Good
3	Camera	Piece	26	Good
4	Camera with GPS connection	Piece	3	Good
5	GPS (76, 76S, 78S, 62S)	Set	18	Good
6	Binoculars mounted camera	Piece	1	Good
7	Dedicated Automotive	Piece	1	Good
8	Metre 30m	Piece	20	Good
9	Bitechlich	Piece	500	Good
10	Blume-leiss	Piece	1	Good
11	Tape measure 1.5m	Piece	36	Good
12	Wind speed and wind direction meter	Set	1	Good
13	Water flow meter	Set	1	Good
14	Test equipment ground water evaporation	Set	1	Good
15	Test equipment evaporation GGI-3000 (VN)	Set	1	Good
16	Humidity, air temperature recorder measuring	Set	1	Good
17	Deep water samplers	Set	1	Good
18	Water test kit – Multi-parameters	Set	1	Good
19	Water Testing & Water Quality Analysis Equipment	Set	1	Good
20	Dissolved DO meter	Set	1	Good
21	Multi-parameters gas analyzer	Set	1	Good
<b>Office Equipment</b>				
1	Desktop, medium configuration (i3, i5, RAM>2.0GB)	Set	10	Good
2	Desktop, high profile	Set	5	Good
3	Laptop	Piece	50	Good
4	Uninterruptible Power Supply	Piece	4	Good
5	Color printer EPSON T50	Piece	1	Good
6	Color printer, scanner Epson	Piece	1	Good
7	Versatile projector, screen	Piece	3	Good
8	Printer canon 2900	Piece	3	Good
9	Monochrome printer A4	Piece	9	Good
10	Ricoh printer (in, photo, scan)	Piece	1	Good
11	Photocopy Machine	Piece	1	Good

No.	Equipment	Unit	Quantity	Usage status
12	Fax Machine	Piece	1	Good
13	Mobile DVD drive	Piece	2	Good
14	Mobile DVD drive<1T	Piece	22	Good

## 7. Financial Capacity

Total income of IFEE in the past three years

Year	2020	2021	2022
Annual income (VND)	<b>34.750.196.617</b>	<b>41.168.154.784</b>	<b>31.622.430.182</b>
Average income (VND)	<b>35.846.927.194</b>		

## 8. Capacity of geography

Institute for Forest Ecology and Environment has a long history of operation in the fields of consultancy and services in many provinces across the country in activities such as: Consulting, designing afforestation, afforestation, building seed forests, seedling gardens, Building forest plant databases/forest biological resources, Digitizing forest plant data, Building forest plant lookup applications by QRCode code, Consultancy on building forestry planning projects, forest surveys, synthesizing forest inventory results and making forest management records, paying for forest environmental services, REDD+, developing sustainable forest management plans, develop ecotourism development schemes...

Specific evidence of the contractor's technical and geographical competence will be presented in the **Experience of consultant contractor**.

### **LEGAL REPRESENTATIVE OF THE CONTRACTOR**

#### **DIRECTOR**

**Le Sy Doanh**

## B.EXPERIENCE OF CONSULTANT CONTRACTOR

The Institute has implemented 02 key National research project, 14 projects funded by Ministries, 8 provincial/city projects/projects, developed 04 national standards (Specific list in Section 2. **Projects related to package**)

### 1. Ongoing activities

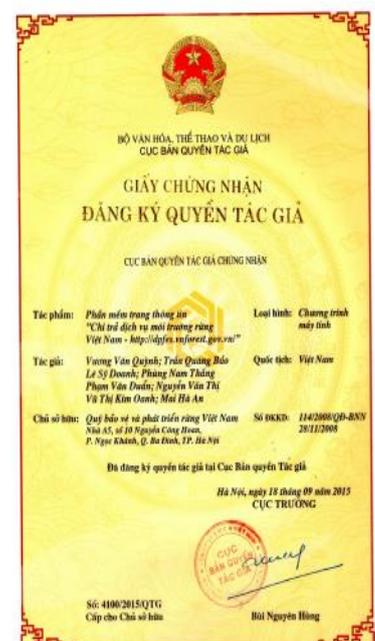

a. General information about the scientific activities

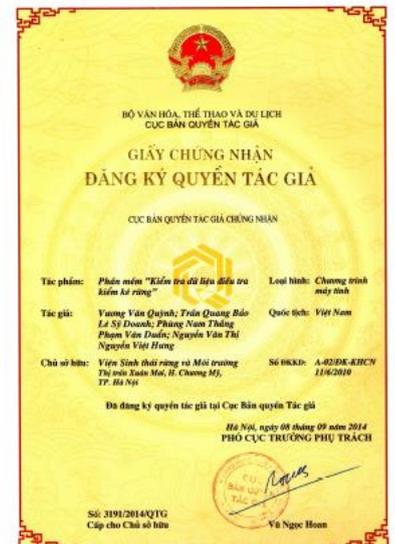

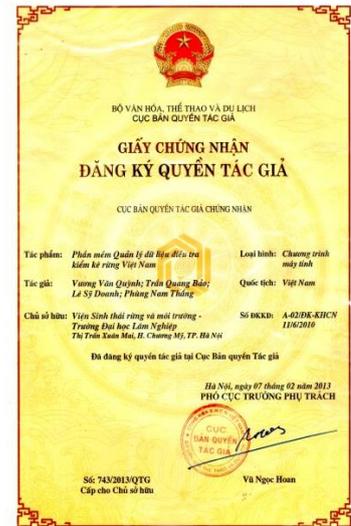

The Institute has successfully built the following software: **GeoPfes Software - Application to support the inspection and payment of Vietnam forest environmental services**, **Software for managing and monitoring Vietnam's coastal forest database**, **Software for building payment maps for Vietnam – v5PFES**; **Information page software "Payment for Vietnam forest environmental services <http://dvmtr.siteam.vn>"** **"Management of Vietnam Forest Inventory Survey Data"**; **"Check forest inventory survey data"**; **Software "Wildfire Warning"**;

**Software "Environmental impact assessment for rubber plantations"**; **Software "Birth climate"**; ... and these software has been recognized Copyright issued by the Copyright Office.

The screenshot shows a web application interface for forest and landowner management. The title is 'CHI TRẢ DỊCH VỤ MÔI TRƯỜNG RỪNG VIỆT NAM'. Below the title, there are filters for 'DANH SÁCH RỪNG VÀ CHỦ RỪNG' with radio buttons for 'Chủ rừng nhóm I', 'Chủ rừng nhóm II', and 'Chủ rừng nhóm và II'. There are also dropdown menus for '2015' and 'Toàn quốc'. Below the filters is a table with columns: TT, Mã tỉnh, Tỉnh, D.tích RTN, D.tích RT, D.tích RPH, D.tích RDD, D.tích RSK, D.tích RQGH, D.Tích RG, D.tích RTB, D.tích RH, D.tích QD. The table contains 4 rows of data, including a total row at the bottom.

TT	Mã tỉnh	Tỉnh	D.tích RTN	D.tích RT	D.tích RPH	D.tích RDD	D.tích RSK	D.tích RQGH	D.Tích RG	D.tích RTB	D.tích RH	D.tích QD

## b. Implement and participate in tasks/projects/packages

### \*Task:

- *Project on development of forest specialty tree varieties with economic value in the period of 2011 – 2015, lasting until 2020;*

- *"Forest investigation and inventory in Ha Tinh province" under the point project "Forest investigation and inventory in Bac Kan and Ha Tinh province";*

- *"Investigation and inventory of forests in Dak Lak and Dak Nong provinces" under the Project "National forest inventory survey 2013-2016";*

- *"Forest survey and inventory in 5 provinces of Hanoi, Hoa Binh, Ninh Binh, Thanh Hoa, Bac Giang in 2014 - 2015" under the project "National forest inventory survey 2013-2016";*

- *"Forest survey in 6 provinces: Quang Binh, Dong Nai, Tay Ninh, Binh Duong, Ba Ria – Vung Tau, Ho Chi Minh City" under the project "National forest inventory survey 2013-2016".*

- *Establishing a system to monitor, monitor and update the development of coastal mangroves in Vietnam, 2017-2019*

- *Building software to detect forest loss and forest fires in Gia Lai from real-time satellite images, 2018*

- *Development of national standards: Botanical gardens – Technical requirements, 2020*

- *Development of national standards: Watershed protection forests - Technical requirements, 2020*

- *Project title: "Assessing the current situation and propose solutions to preserve the Green Lim complex at the National Historical and Cultural Site of Temple And, Son Tay town, Hanoi city", 2018-2020*

- *Supporting the development of QR Code software to support searching and extracting forest plant information in national parks, protected areas, urban areas ... serving the objectives of propaganda of forest protection and environmental education, 2019*

\* *Consultancy package:*

- *Developing management plans/business plans, pilot schemes and cooperation agreements at demonstration sites" under the project: "Overcoming obstacles to enhance the efficiency of management of protected areas in Vietnam*

- *Building software for early detection of forest loss and forest fires from real-time satellite images (Ninh Binh)*

- *Surveying, designing, explaining the project - Project on mangrove plantation for coastal protection and coastal erosion prevention in Thanh Hoa province;*

- *Research on tree species and techniques for afforestation to prevent erosion in riverine and brackish water canals;*

- *"Consultancy on summarizing inventory results by administrative unit and making forest management records" – under the forest inventory plan in the provinces: Dak Lak, Dak Nong, Hanoi, Ninh Binh, Hoa Binh, Thanh Hoa, Quang Binh, Binh Duong, Tay Ninh, Dong Nai, Ba Ria – Vung Tau, Ho Chi Minh City;*

- *Synthesize project results, develop regional maps, integrate into forest inventory database (nationwide);*

- *"Investigation and evaluation of the implementation of Project 661 in the North Central Region" under the project: "Investigation and evaluation of the results of the implementation of Project 661";*

- *"Developing processes, norms and parameters for biodiversity monitoring in Vietnam";*

- *"Consultancy on building a database of information on payment for forest environmental services in Vietnam (DPFES)" ;*

- *"Consultancy on planning for conservation and development of special use forests of Thanh Hoa province to 2020" under the project "Planning for conservation and development of special use forests of Thanh Hoa province to 2020".*

- *Conservation and development of Lim Temple Va forest, 2017*

- *Investigating and assessing the current status of ecotourism development and proposing solutions to manage and sustainably develop all types of ecotourism in*

*Hanoi until 2025 with orientation to 2030*

*- Digitize and edit maps to monitor forest developments in Ninh Binh province in 2021, 2021*

*- Developing a project on ecotourism and resort in special-use forests, 2021*

*- Package No. 01: Consultancy on survey, formulation of projects on conservation and sustainable development of special-use and protected forests in the province;*

*- Consultancy on investigating the composition and distribution of valuable plant species and proposing solutions for conservation, use and sustainable development of limestone forests in Ninh Binh province, 2020*

*- Consultancy on survey, preparation of technical and economic reports and project estimation "Additional planting of Lim trees in the area of Va Temple relics, Trung Hung ward, Son Tay town, 2019-2022*

*- Package 01: "Assessing the current status of medicinal plant resources in forested areas in Hanoi city to propose solutions for conservation and development", 2019*

*- Package No. 04 – Digitizing the green system. Project: Reinforcement, renovation of landslide embankments and digitization of trees at Shanxi Citadel ruins (Tang Lin Ancient Village Monuments Management Board, 2022)*

*- Training and capacity building for special use forest management boards and protection on biodiversity conservation, 2022*

*- Survey and assessment of forest plant diversity in Nam Nung Nature Reserve in 2022*

...

### c. International cooperation

The Institute for Forest Ecology and Environment has experience in cooperation with the following international organizations:

UNEP

WCMC

FCPF - REDD+  
VIETNAM

Specifically: cooperating with GTZ in evaluating forest environmental services; WWF organization in project evaluation; University of Colorado in the field of forests and climate change; JICA in afforestation under clean development mechanism; FAO and SNV in developing provincial REDD+ action plans in Ha Tinh and Quang Binh,

supporting Bao Yen Forestry Co., Ltd. (SFC) to meet international standards for Sustainable Forest Management (SFM) in accordance with the principles and standards of the Forest Management Council (FSC) in Lao Cai; Develop a sustainable forest management plan for Chuc A Forestry and Services Co., Ltd. under UN-REDD Vietnam Phase II, Ha Tinh province; Support Di Linh, Bao Lam, Don Duong Forestry Company (SoFC) to meet standards for sustainable forest management according to the principles and standards of the Forest Management Council (FSC) in Lam Dong; Study measures, options and mechanisms and policies related to forest restoration by intercropping forest trees into coffee growing areas established on forestry land in natural production forests in Lam Dong; Organize a learning session on coordinated financial mechanisms to support forest & landscape conservation and payment of ecosystem services in Vietnam for delegates from relevant Cambodian sectors; FCPF in PRAP Construction for Dak Nong and Quang Tri provinces; Contribute to building knowledge on the use of spatial analysis to support local-level REDD+ planning; UNEP-WCMC in its work contributes to the development of a knowledge pack on the use of spatial analysis to support REDD+ planning at a local scale; Organize spatial analysis sessions in provincial REDD+ planning; Organizing workshops to share experiences on operating information systems to ensure safety...

d. Activities in scientific services

The Institute has experience in implementing many economic contracts in the following fields: Building software for early detection of forest loss and forest fires from real-time satellite images; Building forest inventory survey data management software; Forest Environmental Services; REDD+; Forest investigation, inventory and planning; Forestry; Research on forest fire prevention measures; Training; Environmental impact assessment... (Specific list in section **2. Projects related to package**).

## 2. Projects related to package

No.	Year	Name of contract	Investor	Location	Budget (VND)
1.	2023	Package: Consultancy on investigation, preparation of documents on change of forest use purposes , synthesis of the need to change forest land use purposes of Duong Quang project Tien - Thinh Minh, Hoa Binh city (phase 1)	Hoa Binh Traffic Projects Investment Project Management Board	Hoa Binh	195.782.000
2.	2022	Consultancy package for investigation and preparation of documents on change of forest use purposes; summarize the need to change the purpose of forest land use under the Hoa Binh - Moc Chau Expressway project (section from Km19+000 - Km53+000 in Hoa Binh province )	Hoa Binh Traffic Projects Investment Project Management Board	Hoa Binh	764.405.000
3.	2022	Package: Forest Evolution Map Editor	Office of the Forest Service Branch	Hoa Binh	358.000.000
4.	2022	Forestry Consultant - Field staff 2_Thực training courses and assist the province in finalizing PFES map	DAI ( USAID-funded Sustainable Forest Management Project)	Nationwide	156.000.000
5.	2022	Forestry Consultant - Field staff 3_Thực training courses and assist the province in finalizing PFES map	DAI ( USAID-funded Sustainable Forest Management Project)	Nationwide	156.000.000
6.	2022	Forestry Consultant - Field staff 4_Thực training courses and assist the province in finalizing PFES map	DAI ( USAID-funded Sustainable Forest Management Project)	Nationwide	117.000.000
7.	2022	On the provision of Establishment and implementation of forest carbon metering methods"	Project Management Board Strengthening Resilience to Climate Change in Vinh Chau Town	Soc Trang	331.888.400
8.	2022	Team Leader No. 2 - GIS Consultant conducts training courses and supports the province to complete the payment map for	DAI (USAID-funded Sustainable Forest	Nationwide	573.000.000

No.	Year	Name of contract	Investor	Location	Budget (VND)
		DVMTR	Management Project)		
9.	2022	Forestry consultancy - Support 2_Thực training courses and support the province to finalize PFES map	DAI (USAID-funded Sustainable Forest Management Project)	Nationwide	390.000.000
10.	2022	Forestry Consultant - Field staff 1_Thực training courses and assist the province in finalizing PFES map	DAI (USAID-funded Sustainable Forest Management Project)	Hoa Binh	156.000.000
11.	2022	Team leader - GIS consultant conducts training courses and supports the province to complete the map of PFES	DAI (USAID-funded Sustainable Forest Management Project)	Nationwide	342.000.000
12.	2022	Forestry Officer - Assist in 1_Thực training courses and assist the province in finalizing PFES map	DAI (USAID-funded Sustainable Forest Management Project)	Nationwide	366.250.000
13.	2022	Package: Review and determine forest area and develop a map of payment for forest environmental services planned in 2022	Ha Giang Forest Protection and Development Fund	Ha Giang	1.881.702.000
14.	2022	Consultancy on formulation and adjustment of the forest protection and development planning of Thai Binh province in the period of 2012-2020	Thai Binh Provincial Forest Protection Department	Thai Binh	459.390.550
15.	2022	Consultancy on developing a sustainable forest management plan of Song Da Hoa Binh Protection Forest Management Board, period 2021-2030	Song Da Protection Forest Management Board	Hoa Binh	3.210.584.000
16.	2022	Package No. 05-CĐMĐSDR: Consultancy on survey, preparation of documents to change forest use purposes to other purposes	Management Board of investment projects for construction of traffic works	Son La	628.100.000
17.	2022	Consultancy on forest use conversion Project: The route connecting Cao Bang city with Dong Dang highway (Lang Son province) - Tra Linh (Cao province) Equal)	Cao Bang Traffic Projects Investment Project Management Board	Cao Bang	407.976.000

248.	2015	Survey , develop maps of areas prone to forest fires" in Ba Vi district, 2015;	Ba Vi District Ranger District	Ba Vi - Hanoi	343.311.400
249.	2015	Training on forest survey and inventory database management software	Dak Lak Forest Protection Department	Dak Lak	11.030.000
250.	2015	Consultancy on building a database of information on PFES in Vietnam under the project: Building a database of information on PFES in Vietnam	DPFES Project Management Board	Nationwide	3.525.800.000
251.	2015	Organize a training course on using survey data management software, forest inventory	Dak Nong Forest Protection Department	Dak Nong	32.400.000
252.	2015	Research and develop technology to use dry carpets under pine plantations	Hanoi Department of Science and Technology	Hanoi	996.000.000
253.	2014	Investigate and determine the boundaries of basins and forest areas of Muong Sang commune, Chau Moc district , Son La province to implement the payment policy of FES	Forest Protection and Development Fund of Son La province	Son La	95.700.000
254.	2014	Advising on the formulation of a project to determine the forest area in the basin of each hydropower project as a basis for the implementation of the payment policy of FES in Son La	Forest Protection and Development Fund of Son La province	Son La	748.364.000
255.	2014	Summarize results and prepare forest management records under the Dak Lak Forest Inventory Plan 2014	Dak Lak Forest Protection Department	Dak Lak	5.045.000.000
256.	2014	Short Term Consultant for Winrock for Agricultural Development	Winrock	Nghe An	100.800.000
257.	2014	Carry out forest surveys in 5 provinces: Thanh Hoa, Ninh Binh, Hoa Binh, Hanoi , Bac Giang	MARD	Thanh Hoa, Ninh Binh, Hoa Binh, Hanoi , Bac Giang	24.691.000.000

No.	Year	Name of contract	Investor	Location	Budget (VND)
258.	2014	Consultancy and Support of the Provincial forest inventory Steering Committee under the plan: forest inventory of Dak Nong province	Dak Nong Forest Protection Department	Dak Nong	1.093.600.000
259.	2014	GIS training in Thanh Hoa province	Winrock	Thanh Hoa	30.450.000
260.	2014	Determination of forest area in the basin within two or more provinces as a basis for the implementation of PFES policy in 2014	Vietnam Forest Protection and Development Fund	Nationwide	149.347.000
261.	2014	Design survey and explanation Project of mangrove plantation for coastal protection and coastal erosion prevention Thanh Hoa	Thanh Hoa Department of Natural Resources and Environment	Thanh Hoa	736.086.000
262.	2013	forest inventory Technical Training	Dak Lak Forest Protection Department	Dak Lak	37.000.000
263.	2013	Study on the selection of a number of forest specialty tree species with high economic value as a basis for proposing a rural household livelihood development model in Na Hang district and Lam Binh district, Tuyen Quang	Department of Science and Technology of Tuyen Quang province	Tuyen Quang	498.090.000
264.	2013	Organize the implementation of forest surveys in 2 provinces, including: Dak Lak, Dak Nong - Under the project of the national forest census and inventory phase 2013-2016 paragraph	MARD	Dak Lak Dak Nong	13.001.506.884
265.	2013	Package: " Determination of forest area in the basin within 2 provinces or more as a basis for the implementation of PFES polycy " under the project : " Determination of forest area in the basin within 2 provinces or more as a basis for the implementation of PFES policy"	Vietnam Admistration of Forestry	Nationwide	935.000.000
266.	2013	Development of management plans/business plans, pilot schemes and cooperation agreements at demonstration sites" under the project: "Overcoming the problem to enhance the effectiveness of management of protected areas in Vietnam	General Department of Environment	Nationwide	1.868.518.000
267.	2013	Buy Bac Giang forest fire warning software	Bac Giang Forest Protection	Bac Giang	261.900.000

No.	Year	Name of contract	Investor	Location	Budget (VND)
			Department		
268.	2013	Consultancy on planning for conservation and sustainable development of special use forests of Pu Luong Nature Reserve until 2020	Pu Luong Nature Reserve Management Board	Thanh Hoa	1.277.816.000
269.	2013	Implementation of agricultural extension training program in 2013	National Extension Center	North Central; Northern Mountainous Midlands	100.000.000
270.	2013	Training on technical transfer: Drawing to determine basin boundaries and statistics on the current status of forest resources in the basin	Dak Lak Province Forest Protection and Development Fund	Dak Lak	98.890.000
271.	2012	Consultancy on environmental protection planning of Hoong Bo district until 2015 and orientation to 2020	Department of Natural Resources and Environment of Hoong Bo district, Quang Ninh province	Quang Ninh	1.151.577.000
272.	2012	Master plan for conservation and development of special use forests in Thanh Hoa province until 2020	Thanh Hoa Department of Agriculture and Rural Development	Thanh Hoa	1.764.874.000
273.	2012	Pilot financing mechanism to increase revenue at demonstration sites	General Department of Environment		1.558.722.287
274.	2012	Assess impacts, identify response solutions, develop and implement action plans to respond to climate change in the forestry sector	Vietnam Administration of Forestry	Nationwide	132.250.000
275.	2012	Implementation of central agricultural extension tasks in 2012	National Extension Center	Nationwide	48.000.000
276.	2012	Implementation of central agricultural extension tasks in 2012	National Extension Center	Nationwide	100.000.000
277.	2012	Determine the area belonging to the basin within two or more provinces as the basis for the implementation of PFES policy	Vietnam Administration of Forestry	Nationwide	935.000.000
278.	2012	Investigate and survey the situation of wildlife farming and propose management solutions	Hanoi Forest Protection Department	Hanoi	698.800.000

No.	Year	Name of contract	Investor	Location	Budget (VND)
279.	2012	Project on protection and PTR of Cat Ba National Park in the period of 2012 - 2020	Cat Ba National Park	Cat Ba - Hai Phong	106.996.000
280.	2012	The study determines the area and distribution of melaleuca forests in the Mekong Delta floodplain in order to optimize the protection function and adaptation to climate change	MARD	Mekong Delta	75.000.000
281.	2012	Research and develop pecan species for some northern mountainous provinces	MARD	Northern Mountains	75.000.000
282.	2012	Research on techniques for planting life core trees for some northern mountainous provinces	MARD	Northern Mountains	75.000.000
283.	2012	Study to determine the level of payment for hydropower plants with integrated energy systems	MARD	Nationwide	75.000.000
284.	2012	Research on breeding and techniques of growing sim on bare land in the northern hills for wine production	MARD	Nationwide	75.000.000
285.	2012	Study the possibility of peripheral conservation and propagation of the Weeping Herd in order to protect and develop this plant	MARD	Nationwide	75.000.000
286.	2011	Review and strengthen sustainable financing mechanisms for protected areas	General Department of Environment	Nationwide	312.223.460
287.	2011	Project point " Forest survey and inventory in Bac Kan and Ha Tinh provinces"	MARD	Ha Tinh	8.789.212.515
288.	2011	Environmental impact study of rubber plantations (Phase 2:2011-2013)	MARD	Nationwide	1.800.000.000
289.	2011	Study on determining the value of forest environmental services in the basins of some hydropower lakes in Vietnam	MARD	Nationwide	2.300.000.000
290.	2011	Upgrading the website of Thanh Hoa Forest Department	Thanh Hoa Forest Protection Department	Thanh Hoa	350.000.000
291.	2011	Development of forest specialty tree varieties with economic value in the period of 2011 - 2015, lasting until 2020	MARD	Nationwide	18.000.000.000
292.	2011	Research on farming techniques Gekko gecko (Linnaeus, 1758) household-scale commercial products in Hanoi	Hanoi Department of Science and Technology	Hanoi	700.000.000

No.	Year	Name of contract	Investor	Location	Budget (VND)
293.	2011	Research on fire prevention and fighting solutions for forest states in Hanoi City	Hanoi Department of Science and Technology	Hanoi	1.500.000.000
294.	2010	Implementation of agricultural extension programs and projects in 2010	National Extension Center	Nationwide	33.000.000
295.	2010	Translating and editing manuals on fire protection machines and equipment	Region I rangers	Quang Ninh	27.000.000
296.	2010	Carry out the topic under the Program "Investigating, verifying, assessing the recovery level of some key forest fire sites within the assigned area; merit"	Region I rangers	Quang Ninh	22.360.000
297.	2010	Investigation and evaluation of the results of the project 661 in the Northwest region of the project: Investigation and evaluation of the results of the project 661	Project Management Board 661 of MARD	Northwest Region	580.000.000
298.	2010	Proposing a plan for planning material areas and building an intensive glutinous rattan development model in the West of Hanoi	Hanoi Department of Science and Technology	Hanoi	1.104.000.000
299.	2009	Study appropriate flooding regime to ensure fire prevention and maintenance of cajuput forest development in 2 National Parks U Minh Thuong and U Minh Ha	Ministry of Science and Technology and Department of Science and Technology of Kien Giang province	Kien Giang	2.200.000.000
300.	2009	Study appropriate flooding regime to ensure fire prevention and maintenance of cajuput forest development in U Minh Thuong and U Minh Ha National Parks	Ministry of Science and Technology		222.000.000
301.	2009	Research on solutions to use forests to break coastal waves and reduce floods in Vietnam	KC08/06-10 Program Directors	Nationwide	2.750.000.000
302.	2007	Develop processes, norms and parameters for biodiversity monitoring in Vietnam	Office of the Environmental Protection Agency	Hanoi	732.800.000
303.	2007	Edit topographic maps, provide GPS locator and Mapinfo software	Hoa Binh Forestry Company	Peace	35.000.000
304.	2007	Upgrading forest fire forecasting software for single forecasting	Phu Tho Provincial Forest	Phu Tho	5.000.000

No.	Year	Name of contract	Investor	Location	Budget (VND)
		stations in Phu Tho province	Protection Department		
305.	2007	Providing consultancy services for wildlife conservation and development planning under the project: "Animal species conservation and development planning wildlife "	Forestrt Department	Hanoi	377.909.000
